This is an important stage of the registration. By installing the my del.icio.us and the tag this buttons, it makes using del.icio.us simple and fast. To install the buttons click on Install Extension Now button if using Firefox or the Install Buttons Now button if you are using Internet Explorer. (refer image below)

You may have to restart your browser after completing this step, a message to that effect will appear, so simply click yes and it will then move you to **Step 3-Button Tutorial**.
